

*Ladies and Gentlemen!*  
*I present your*  
**2021 Kastner Cup Champion!**

*Moss Motors' Kevin Kastner and Grand Marshal Joe Alexander with the Kastner Cup trophy*

Jeff Quick drove an amazing race, sounded great, and looked even better doing it. The beautiful 1967 TR4A ate up the 1.967-mile Portland International Raceway and showed what a finely tuned Triumph can do on a real road course.

Jeff was also awarded the Peggy Kastner Performance Award in the TR4 and TR4A Class.

R.W. (Kas) Kastner would always look for the "racer that drove out of his class," meaning; he'd look for the driver that exceeded his car's limits. With the passing of Kas Kastner earlier this year, Joe Alexander stepped in as Grand Marshal and stayed true to Kas's selection process, deeming Jeff as this year's Kastner Cup Championship because Jeff indeed, drove out of his class.

Well deserved! Great driving throughout the entire weekend and the fellow Friends of Triumph did not make it easy! Congratulations, Jeff! Your dad is proud! 🏁
